Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I'd like to state my opposition to an attempt at putting the TBCE under control of the TDLR by the Sunset Commission. Since the official licensing of chiropractors in the late 1940s the TBCE has been successful in governing the rules and conducts of chiropractors in Texas. Our profession is unique in the healing arts and to be lumped in with the licensing of plumbers and non-health related fields would not be beneficial for the chiropractic profession or the general public. I urge the Sunset Commission to reconsider and let the TBCE continue to monitor the profession as it has done for almost 70 years.

Any Alternative or New Recommendations on This Agency: Let the TBCE continue to do its sworn job at governing the profession and protecting the people of Texas.
