Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

Plz understand that as an independent practitioner in private practice , I have strong views on the Sunset Commission's findings. I feel strongly that there should be reciprocity between states during the licensure process . I have moved many times and the time it takes to get my license approved affects my income and livelihood. Plz allow Texas to be a member of the National licensing process.

In addition I also oppose the recommendation to separate the CCAP from TBPTE .. The TBPTE keeps me and all my patients safe . They are in the business of compliance and I would appreciate your allowing them to continue to do this.

Thanks for your time .
