Your Comments About the Staff Report, Including Recommendations Supported or
Opposed: I'm writing in response to the elimination of Cosmetology and Barbering Instructor licenses.I strongly oppose this. I have had my Instructors license since 1991,and have had the opportunity to teach hundreds of students in this industry... As an Instructor in the Cosmetology field, I have had to learn a myriad of information, including but not limited to, lesson planning,visual aids, classroom organization, testing,communication skills, as well as adaptive care for each individual student, as they all learn in different ways.Much of what these students learn is about public safety and sanitation,to prevent the spread of disease. Also how to properly use chemicals and the storage of each, again for safety measures for the public.I can assure you that there are No operator's with only a reduced number of hours license that would be qualified to enter into this learning institution... I am totally appalled at the legislation for thinking that the Cosmetology and Barbering industry needs to be attacked in such a way as to demean the integrity of our industry... If it's not broke, there should be
No need to fix it.   Sincerely, Starla Goodlin 806 -282-9885
