Subject: Form submission from: Public Input Form for Agencies Under Review (Public/After Publication)

Submitted on Wednesday, June 25, 2014 - 17:54

Agency: UNIVERSITY INTERSCHOLASTIC LEAGUE UIL

First Name: Debbie

Last Name: Goyne

Title: Mother of Brandon Goyne

Organization you are affiliated with: The Brandon Goyne Foundation

City: Waskom

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I fully support EKGs being added to required athletic physicals. Our son, Brandon Goyne, was the LSU Alexandria baseball player who collapsed on the baseball field Jan 18, 2013 and never regained consciousness. He was the epitome of health! He had 7 standard physicals in 9 years--1 in middle school, 2 in high school, and every year of college baseball. NONE picked up his heart ELECTRICAL ABNORMALITY. A stethoscope can NOT hear electric issues.

You can only SEE them.....on an EKG. Some argue that cost is the issue.....I challenge you to pay for the next FUNERAL....it is significantly LOWER than the cost of an EKG. Others argue that it doesn't happen often enough to make it mandatory.....When it happens to your child, it has happened ONCE TOO OFTEN.

Parents have a right to know that this is a REAL issue, that it CAN affect their child. Student athletes have a right to all medical tests that CAN protect them.

The Brandon Goyne Foundation will continue to CHAMPION THE CAUSE FOR EKGs TO BE A PART OF REQUIRED ATHLETIC PHYSICALS.

Sincerely,
Debbie Jorstad Goyne
The Brandon Goyne Foundation

Any Alternative or New Recommendations on This Agency: Add EKG testing to all required athletic physicals.

My Comment Will Be Made Public: I agree
