Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

It is an injustice to remove the standard law that has insured positive training and guidance for our profession. All professions that require license must meet a standard ruling and law to insure that the leaders are proficient in the training of a skilled profession.

The removal of required licenses in this profession (cosmetology) MUST be eliminated to insure the superior job that we are providing to our students.

As far as the combination of the two professions (cosmetology and barbering) I say NO-NO. Why is your department trying to WARP our profession? This is an injustice toward all that we have been educated and worked toward...

Any Alternative or New Recommendations on This Agency:

Leave our programs alone. We all stand together in teaching our students the professionalism that is required in cosmetology and barbering.

I am sick and tired of Texas Dept. of Licensing, changing our positive structure in the Cosmetology Education.
