Subject: Form submission from: Public Input Form for Agencies Under Review (Public/After Publication)

Submitted on Monday, June 30, 2014 - 15:04

Agency: UNIVERSITY INTERSCHOLASTIC LEAGUE UIL

First Name: Dorothy

Last Name: Greenshield

Title:

Organization you are affiliated with: University of Houston at Clear Lake

City: Houston

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Members of the Medical Advisory Committee are appointed with no term limits. With only one doctor from a field, if that doctor has an opinion that is contrary to public opinion or others in his field, there is no one to debate that opinion and he is allowed to serve and express his opinion for as long as he or she likes. Term limits for the medical advisors is a must.

Any Alternative or New Recommendations on This Agency: Enhance and update our student physicals. Include an ECG, our physicals are out dated. 80% of students that die never have a symptom. A system that relies on self reporting is broken. ECG's can catch most heart issues. Harvard University conducted a study where an ECG caught 86% of the heart issues and the current pre participation history and physical caught 3%. Update our student physicals to include modern technology.

My Comment Will Be Made Public: I agree
