Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I think having a professional license is a valuable credential. It took effort to obtain, and I have faithfully continued to add continuing education and ethics credit hours every year. I think faithfully paying dues of several hundred dollars a year is testament to the value I place on this license.

Any Alternative or New Recommendations on This Agency: Recommend continuing to license professional geologists in Texas.

My Comment Will Be Made Public: I agree
