Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The TSBPE is obviously best suited for the management and regulation of the plumbing industry. People who are unlearned in the trade are likely unaware of the severity of the public health risks associated with poor or incorrect plumbing.

Any Alternative or New Recommendations on This Agency: Grant TSBPE the money collected from licensing, fees and/or fines. This would likely provide them enough funding to better regulate and manage the industry.
