Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I am a licensed professional counselor intern and a member of the American Counseling Association (ACA), the world's largest organization representing professional counselors in various practice settings.

ACA and the Texas Counseling Association (TCA) support the Texas Sunset Commission findings that “the boards are acting in good faith and have made notable strides in addressing the previously identified problems...However, significant problems and challenges remain that cannot be resolved within the current structure” and “the continued administrative attachment of the marriage and family therapy, professional counseling and social work boards to a large agency...is still not working...The dysfunction created by such a model places the livelihoods of licensees in jeopardy and puts the public at risk.

Any Alternative or New Recommendations on This Agency:

The consolidated agency [TSBEMFT, TSBEPC, TSBSWE and TSBEP] structure of the Behavioral Health Executive Council presents the best approach to align the regulation of these behavioral health professions and elevate the attention and oversight of these programs.

More efficient and effective regulation of these professions will not only provide improved services and increased responsiveness to licensees but also will better protect behavioral health care consumers.
