Subject: Public Input Form for Agencies Under Review (Public/After Publication)

Agency: TEXAS STATE BOARD EXAMINERS PROFESSIONAL COUNSELORS

First Name: Karen

Last Name: Haider

Title: LPC

Organization you are affiliated with: Texana Behavioral Center

Email:

City: Sugar Land

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I support the recommendation that the boards regulating LPCs, LMFTs, Social Workers, and Psychologists be housed at the new Texas Behavioral Health Executive Council, as this will create a more efficient and effective structure for all professionals who deliver mental health services in Texas.

I support each board's rule-making authority will remain intact and licenses will be issued by each Board – not by BHEC.

There should be just one agency to handle the administration of all the mental health professional licensing boards. This model will make it easy for the public to both find providers and learn how to file complaints when necessary.

Any Alternative or New Recommendations on This Agency:

I support creation of the Texas Behavioral Health Executive Council, but request that the professional members appointed to BHEC by each licensing board have voting privileges on BHEC.

Maintaining the status quo or creating two separate administrative agencies for the four mental health licensing boards is NOT the most efficient use of taxpayer dollars. The state's interests are best served by forming ONE agency as recommended in the Sunset Commission Staff Report.

Holding a doctorate is not unique to psychologists. Many other mental health providers also hold this prestigious degree. This is no reason to have a stand-alone agency for psychologists. In fact, many psychologists are dually licensed by one of the other mental health boards – another reason they should be housed at BHEC.

My Comment Will Be Made Public: I agree
