Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I absolutely support all of the committees recommendations! It is great to see someone taking charge of these issues and immediately make a difference in the life of the many small and medium clinics most affected by these changes. It is wonderful to see this burden lifted from the backs of these Texas clinics. For too long it has had a negative effect on the very clinics we as a State want to support and see thrive so that it is not a hostile environment for new or existing therapy clinics. The role of any agency should primarily be about support, not punishment.

I also support the Physical Therapy Licensure Compact that will allow for greater ease of mobility to other states. The importance of the ability to transfer seamlessly across the United States can not be stressed enough. Thank you for taking charge of these issues and really supporting both the therapists and the clinics of Texas.

Sincerely,
Pamela Hamer-Hood
