State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Removing Cosmetology instructor license.

Any Alternative or New Recommendations on This Agency: I'm opposed of the removal of the cosmetology instructor license because as a instructor my self I have trained lots of cosmetology students in the 27 years that I've taught throughout the years. The first thing that was done wrong was disbanding the Texas Cosmetology Commission. The test now is a joke from when I got my operators license in 1977. To continue to deregulate this field will be detrimental to the public's health. Listing the reason to do away with the license because it causes hardship for people who want to ge it. Why do people want to just be handed something without working for it.its only 500 hours , if anything it should be mandatory that they have so many years behind the chair. I've worked with license instructors that had very little industry knowledge at all and I've had to teach them along with students that don't know anything.

My Comment Will Be Made Public: I agree
