Eliminating the steroid testing is a good recommendation. There are very few positive test results, and this money could be used elsewhere.

UIL should continue to operate under UT as it currently does.

Regarding the UIL hearing process, I have found the decisions to be very consistent. The guidelines are followed, and the decisions are made according to the guidelines. Therefore, I am uncertain about what led to the finding of inconsistency.

UIL provides guidance to member schools and promotes a healthy environment in which students can engage in competition in athletics, academics, and fine arts. They should continue to operate according to current policies and procedures. The UIL has viewed the Sunset review as an opportunity to evaluate current procedures and processes. I am confident the leadership will make any needed improvements that have been identified.
