Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I feel it is unfair to the people who worked hard to get their license. It also allows those who don't have the training I do to handle things that they know nothing about. I worked hard studied even harder and I got my certification, so why should I be stripped of a license I work hard for?

Any Alternative or New Recommendations on This Agency: I feel if the issue is monitoring what people shoot, then the test should be one and not broken down into parts. It should be pass all or don't be licensed to work at all. Or make the employers require the licensee to be certified for what is done in office.

My Comment Will Be Made Public: I agree
