Your Comments About the Staff Report, Including Recommendations Supported or Opposed: ISSUE 3: The State Has an Ineffective and Inconsistent Approach to Monitoring Potential Diversion of Controlled Substances by Veterinarians.

Creating a system that basically punishes all law abiding veterinarians will not be effective. Those of us following the federal drug laws and keeping good records should not be burdened by extra tasks. Please target those that ARE diverting controlled drugs. Concentrate on the laws we already have.

Any Alternative or New Recommendations on This Agency: More investigation needs to happen on how to prevent diversion before new regulations are made.
