Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I'm very opposed with a civilian... someone who never severed their country... hold a position that by law was made for veterans. How can someone who has never severed their country... been deployed... gone to war... the bond and understanding from those things... relate to me??? This is just another thing that shows how stupid our country us becoming... and it's all because we have people in positions that shouldn't be there... it's going to be the end of country if we just keep our eyes closed... this has to be one of the most shameful things I've seen in a while.

Any Alternative or New Recommendations on This Agency: Keep the law as it is for all the reasons above

My Comment Will Be Made Public: I agree
