Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

Hi, I am Paige Hubert, SPT and I am currently a student who represents only myself as an upcoming Physical Therapy Professional. I completely support the Texas Board of Physical Therapy Examiners join the national Licensure Compact during this Sunset Review. This would allow PT's and PTA's more freedom to practice like other licensed professionals of the same educational standard (i.e. doctoral degrees), for example chiropractors. The CCAP is a collaborative program between the TBPTE and the TPTA. CCAP involves 109 doctoral trained Physical Therapy professionals who represent 22 distinct medical specialty areas using a double-blind professional review process. The CCAP program is here for solely one thing and that is to protect the public and the public's best interest. Removal of the CCAP would result in a loss of the assurance to be public of that protection that the TPTA and TBPTE can and are more than willing to provide.

Any Alternative or New Recommendations on This Agency: I do not believe that this agency needs any new recommendations because they do an amazing job at protecting the public and providing education and resources to the PT's and PTA's on all of the appropriate and meaningful topics and news.
