Subject: Public Input Form for Agencies Under Review (Public/After Publication)

Agency: TEXAS BOARD PROFESSIONAL GEOSCIENTISTS TBPG

First Name: Jacob

Last Name: Hundl

Title: Geotechnical Senior Project Manager

Organization you are affiliated with: ECS Limited

Email:

City: Charlotte

State: North Carolina

Your Comments About the Staff Report, Including Recommendations Supported or
Opposed: I'm strongly for the licensing and regulations of geoscientists.

Working in the engineering geology/geotechnical engineering realm, a geologist's seal is exceedingly important in foundation and slope stability when in rock. In North Carolina, the NCDOT prefers PGs to be involved with their geotechnical inventory reports and will allow sealing by a PG instead of a PE. The public's safety and wellbeing are directly affected by applied geoscience.

Any Alternative or New Recommendations on This Agency: None.

My Comment Will Be Made Public: I agree
