Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The idea of removing Instructors license for cosmetology is a horrible idea. Just because a person can do hair does not mean they have the skills to teach someone else. It is imperative that a person learn teaching techniques and acquire to adapt to the different personality types. Not all students learn the same and it is important that an educator understand the need for diversity in training.

Any Alternative or New Recommendations on This Agency: Do not remove Instructors License from the list of training. If anything increase the training required to become an Educator.
