Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I had always wanted to build a VW based dune buggy (Myers Manx) and I finally did, from the ground up with all new parts, every nut and bolt it has a custom roll cage and is far safer than any Motorcycle or 3 wheeler on the road today.. it is predominantly a street car but will go off road too..
this car has been legal since 1966 and now all of a sudden for no apparent reason it's deemed unsafe by the Texas DMV. Please look into this, hell they made a cartoon (speed buggy) in the 70s about these cars ... thanks for considering my letter.

Any Alternative or New Recommendations on This Agency: Please look into this, there are hundreds of us buggy enthusiasts here in Texas and we are hobbyists that work hard on our cars and we want to be safe too!!! And have been for decades, thank you, Fred

My Comment Will Be Made Public: I agree
