Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I can't believe I live in Texas and Texas is one of the worst states for dog euthanasia that there is! You killed dogs here by the hundreds thousands actually! spayed and neutering has got to be a free program throughout the state for the next 5 years it will save so much money not having these dog recycled with their puppies through the system..

Any Alternative or New Recommendations on This Agency:

I'm sure this breaks your heart as much as it does the rest of us same dogs put down day in and day out I've actually worked at the humane society and I've actually been involved with euthanizing dogs and cats.

It's the ugliest job in the world and it haunts the people that are forced to do it.

ask ask people to give you a hand we will help in any way you want but let's move forward and stop this terrible crime!

My Comment Will Be Made Public: I agree
