Subject: Sunset Legislation for all Texas Psychologists

I am writing to disagree with all statements made by the commission on the following issues:

-withdrawing the oral boards

-predoc hours equaling to 3500 count completely towards licensure

(**I had 3599 in the schools during pre doc and learned SO much more in clinical practice during my post doc)

-being under one united board

(Psychologists have two to three times the training including research and internships that go well beyond a masters level practitioner...we are NOT the same and should NOT be govern as such).

Professionally,
