Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I opposed the TxDMV rule on revoting dune buggy titles. There needs to be a clear definition between VW based "dune buggies" and ATV based buggies and Texas needs to take a look at how other states work with assembled vehicles. ATV based vehicles don't need to be on the road (and shouldn't be, but that my opinion). VW based vehicles have a history and strong following and that needs to be recognized as well.

Any Alternative or New Recommendations on This Agency: I have fear that this rule that originated from a TxDMV board member is biased without any factual information and if allowed to stand could affect other states rulings on VW based vehicles including my state of Virginia.

My Comment Will Be Made Public: I agree
