Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Please review the decision to revoke Texas titles for dune buggies, kit cars and sand rails. These vehicles have been on Texas roads for decades and have no history of being any more unsafe than motorcycles or other vehicles on the road. They are still inspected annually and meet the basic safety guidelines required. It is also quite unfair and unjust that numerous individuals paid their hard earned money on titles and registrations for years, only to have their titles revoked after all this time.

Any Alternative or New Recommendations on This Agency: This agency should not be able to make decisions that affect people who have paid their dues without some kind of legislative action. This is Texas.
