Your Comments About the Staff Report, Including Recommendations Supported or
Opposed: This comment is on the recommendation to abolish Cosmetology Instructors License. This would be a
huge mistake for our industry.
Cosmetology Educators are trained to write curriculum, deliver lectures, write lesson plans, to make tests and to
deliver a solid foundation of Cosmetology skills to student...persons with only a Cosmetology operations license do
not have these skills and should not be hired in schools to teach or try and educate novice Cosmetology students.
Students would be taken advantage of and their money stolen without licensed educators. Our industry's safety
standards to the public would be at risk. And complaints to TDLR would be insurmountable. I would like to know
who proposed this recommendation and the research behind the recommendation. Clearly this person, group does
not have knowledge of our industry or they are trying to service there own interests in some way.

Any Alternative or New Recommendations on This Agency: Keep Cosmetology Instructor's licenses.
