Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Opposed.

Any Alternative or New Recommendations on This Agency:

If I understand the proposal correctly, Sunset is recommending against state licensing of radiologic technologists because of redundancy? Because radiographers are registered by ARRT? Because of Joint commission standards? I am concerned that non-educated people will be allowed to operate x-ray equipment. There are facilities that will employ radiographers who have their state license but have not yet passed the ARRT exam.
