Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Go Big or Go Home is an EXCELLENT organization with an EXCELLENT cause! For such a tragic event to occur to Cody Stephen's family, when he passed away unexpectedly at such a young age due to something that could've been prevented had ECG screens been a mandated requirement, for them to turn around and try and save other kids lives, rallying for this state to mandated ECG screens for all athletes, it's simply amazing! I have two young athletes coming up and pray that this will be required by high school organizations to have to do all young athletes. So many young, athletic lives have been lost for this same reason. When it's mandated for defibrillators to be in possession, it isn't just a one off problem, it's almost an epidemic. Keep the defibrillators but do more and require these very important screenings to be required for all young athletes. Thank God for Cody Stephen's family and their efforts to make this a requirement! What a way to turn a tragedy into a triumph! It is our duty to support this effort as supporters of athletes in this great state! We are an athletic state, we want to keep our young athletes healthy! This is an effort I stand behind 1,000%! GO BIG OR GO HOME!!!! :)
