Opposed: I am completely opposed to issue 3 about eliminating lmrt license. I worked to hard to become a lmrt for it be taken away. I went to school for fourteen months and made good grades, because I wanted to better my flow and become someone while helping others. I've always wanted to be in the medical field and being a x Ray tech is my passion. I am currently waiting on my temporary license to start working, I have a job offer and I'm so thankful. I'm making a life for my self how am I suppose to build one if my license gets taken away. I'm paying student loans how am I suppose to pay that back?

I know too many good hard working lmrt that have a family, how are they suppose to pay the bills and put food on the table. Especially with the holidays around the corner. I plan on going back to school to get my RT license, this is saddening news.

Any Alternative or New Recommendations on This Agency: Not to eliminate the lmrt licensing.
