Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

1. I support the creation of the BHEC through the transformation of the psychology board 2. I oppose the classification of professional appointees on the BHEC as ex officio members 3. The TSBSWE is not operating efficiently & effectively under HHSC (the last time I called, and it was to return a call) it took almost an hour just to get my call answered by the main switchboard. Clearly this is not a productive use of anyone's time.
4. Each board must remain independent under the BHEC. While similar in some ways, we all have different scopes of practice and responsibilities.
5. The TSBSWE must have more money to operate effectively.

Any Alternative or New Recommendations on This Agency: The BHEC should be made up of nine voting members – one public and one professional from each of the four boards, with a final public member appointed by the Governor.
