Subject: Public Input Form for Agencies Under Review (Public/After Publication)

Agency: RAILROAD COMMISSION TEXAS RRC

First Name: A

Last Name: Lyssy

Title: Mrs.

Organization you are affiliated with:

Email:

City: Covesville

State: Virginia

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Opposed to keeping the Railroad Commission as it is. Born and raised in TX, as I learned more about the doings of the RRC as an adult, it is shameful that this is the only net we have to keep our air, water, and land clean. Due to the open neglect of duties that the people of TX believe someone is doing, areas throughout the state are being fouled. This lack of respect and even a hint of oversight is one of the reasons our family moved after 35 years of TX citizenship. The youth of TX would thank us for finding better options than the RRC.

Any Alternative or New Recommendations on This Agency: Allow communities to vote, on paper, on which O&G wells are installed. Have actual task forces of inspectors located close to O&G wells to respond within minutes of reported problems (phone numbers for these individuals posted at the sites) with the intention of actually stopping production till fixed to prevent harm from coming to the air, water and land. Fines of a large enough degree to be noticed that are not able to be wriggled out of and a portion of which goes to the community, as clean up that is required where ever O&G has been. As well as a portion going to a fund to assist those whose health has already been negatively affected by the lack of the slightest concern for this ecosystem that we all share.

My Comment Will Be Made Public: I agree
