Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I am against the deregulation of the Respiratory Therapy field. If the state would deregulate, any/all medical professions patients in the hospitals could/would not have the best health care available. This would lead to a serious decline in the ability of other medical professions being able to do their jobs effectively. We in Respiratory Care Profession are highly skilled & knowledgeable in our field. We cannot do other jobs & they can not do ours as well as we can. Thank you.

Any Alternative or New Recommendations on This Agency: Continue to keep Respiratory Therapist & ALL health care professions that are regulated be kept as regulated.

My Comment Will Be Made Public: I agree
