Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The agency is a wholly owned subsidiary of the oil and gas industry of Texas. Regulations already on the books are not being enforced in a timely manner or equitably. Turn the agency into a rigorous protector of the public health and safety or disband it. Allow civil suits to obtain treble damages for plaintiffs in cases of damages and public health endangerment.

Any Alternative or New Recommendations on This Agency: Change its name to Environmental Pollution Agency.
