Subject: Public Input Form for Agencies Under Review (Public/After Publication)

Agency: TEXAS MEDICAL BOARD

First Name: Aaron

Last Name: Martinez

Title: LMRT Student

Organization you are affiliated with: CHCP

Email:

City: Austin

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: NCT do not have the proper amount of training. LMRT's have an extensive amount of schooling to learn all the nuances of the job. LMRT's have to know the amount of mAs and kvp's needed for an xray to not injure the patient. NCT's do not get enough training to fully understand the harm that not understanding the job fully could cause. The quality of care is not something that could be understood with the amount of time NCT's are in school. LMRT's are taught to use critical thinking skills while performing their jobs. This takes training and extensive education to learn.

Any Alternative or New Recommendations on This Agency: Get rid of the NCT's and get rid of the temporary license and make the test a pass/fail test.

My Comment Will Be Made Public: I agree
