Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The continued animal abuse and overpopulation of cats, dogs and other pets require a serious oversight by governmental agencies. Without adequate and appropriate laws, there can be no progress or resolution to these problems. The expense of appropriate laws, monitoring, investigation and prosecution of abuses is minimal when compared to the costs of treating the results of not doing so. Responsible breeders would not oppose oversight nor disagree with enforced regulation. Do not eliminate the minimal regulations in place and please work to strengthen anti abuse legislation.

Any Alternative or New Recommendations on This Agency: Strengthen the laws!
