Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Texas is a state that needs all the health and human services it can get, especially in the setting of poor sex education. Please extend fee-for-service (uncapped) funding to Texas teens in accordance with the Sunset Commission recommendations.

Any Alternative or New Recommendations on This Agency:

- 1) Repeal the affiliate ban on abortion providers.
- 2) Attempt to recapture the federal 9-1 match.
- 3) Set up means for men to acquire STI testing, health check-ups, and vasectomy services, preferably through a separate program from women's health to provide adequate coverage.
