State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I wholeheartedly support enhancing the requirements of sport physicals to include a routine ECG. I have a student athlete and would be heart broken if he had a heart condition that is detectable but I didn't know about it and something tragic happened. I will request this additional screening at his physical this year regardless of your ruling but I encourage you to make it mandatory because there are people who won't realize it's needed and will assume that the doctor's know what's needed.

Thank you and please do what is right for the students, protect their health by requiring an ECG.

Thank you and bless you for serving our state.
Christie Meece

Any Alternative or New Recommendations on This Agency: None at this time.
