Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

Retirees have not had a raise since 2003. NOT ONE PENNY. For this Agency to give bonuses to ANY Employee before they can give Retirees a raise is an insult to all the people that have retired from the State. That is rewarding poor management. It needs to stop. It is also time for them to give up the people they hire for investing our money. They have clearly shown they are not capable of doing a good job. That need to be done through several private investment funds.

Any Alternative or New Recommendations on This Agency: Fire the whole lot and start over with people that will work to give Retirees at least cost of living increases.
