Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I disagree with the Texas Sunset Advisory Commission staff recommendation to abolish the Texas Board of Professional Geoscientists and licensed P.G.s.

As a geophysicist, I see a lot of work that would be greatly improved had it been done by a qualified, licensed geoscience professional.

This required skill set is not available in any of the other professionals used for projects.

A consultant's work must stand up in court, so a P.G. must seal it.

Any Alternative or New Recommendations on This Agency: The TBPG should remain as constituted.
