Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I am strongly opposed to combining the Surveying Board with the Engineering Board. I am a Registered Professional Engineer and Surveyor in the State of Texas. I believe that a separate board made up of Professional Surveyors and the public is the best means of regulating the profession of land surveying to protect the health, welfare and property of the citizens of Texas.

Land Surveying in Texas is unique and requires its own regulatory board. The areas of concern listed in the Sunset Staff Report can and should be addressed within TBPLS.

Any Alternative or New Recommendations on This Agency: I recommend that the Texas Board of Professional Land Surveying be given the opportunity to address the concerns listed in the Sunset Staff Report and remain an independent licensing agency.
