Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I have practiced physical therapy for 9 years as a physical therapy tech under the supervision of a physical therapist. I am now a licensed PTA for 3 months. I SUPPORT the Sunset Commission's recommendation that the Texas Board of Physical Therapy Examiners join the national Licensure Compact because this would allow me to work across state lines with more easy and efficiency than the current process. Finding consistent work is challenging in any field and with this arrangement I would be able to open my options of care as well as open my options for living situations. This would allow me a better quality of life which would then transfer to patient care. When employees are taken care of their production sky rockets which will transfer well to our patients/ clients.

Any Alternative or New Recommendations on This Agency: N/a
