Your Comments About the Staff Report, Including Recommendations Supported or Opposed: For the general concerned for the well being of our society, it is only just that we serve those that have given up so much for our country.

The fact that there are professionals ready, licensed and willing to serve this population of veterans makes this movement a necessity for our families.

Include professional counselors and LPC-I's in this group of mental health professionals, it is the least we can do. If nothing else, allow them the choice to decide whether they want to see an LPC or not, they have earned that and so much more.

Any Alternative or New Recommendations on This Agency: Include LPC's and LPC-I's
