Subject: Public Input Form for Agencies Under Review (Public/After Publication)

Title: RPLS

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: As a Registered Professional Land Surveyor in the State of Texas, I strongly believe the TBPLS should remain as is, and not be combined with the Board of Engineers. The Board make up is needed to be able to address concerns of the public and safe guard the interests of the public, combining with the Engineers would in my opinion dilute the decisions of the TBPLS. In all fairness to the Engineering Board they also need to stay as is, combining the boards would also have an ill effect on the Public.

Any Alternative or New Recommendations on This Agency: I would highly encourage you to leave the TBPLS as is. It has existed for many years and does a very good job of looking out for the Public. I would ask that you hear the concerns of the TBPLS.

My Comment Will Be Made Public: I agree
