Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

At least put a proposal to microchip every single pup they produce and submit another proposal to fine them once any of those pups they produce enter the shelter or be found in the street ... just like a abandoned car on the street ... they must be responsible.

Perhaps you won't be able to stop the puppy mills at least try to make it mandatory to spay Ans neuter any mix breed (which no one wants) plus the Bully breeds that are banned in many places ... start with that ... let them breed their pedigrees but microchip them and register them under themselves... and apply the law against them.

Any Alternative or New Recommendations on This Agency:

We have to fight the AKC maybe you should fundraise money, just like they do to stop any proposal of law to make spay and neutered mandatory.
