Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Texas Cosmetology students deserve licensed instructors who have had proper training on how to teach, A Cosmetology instructor license also gives certainty that they can safely perform current skills required for today's salon workforce as well as licensure requirements. Instructors must also have a complete understanding of the rules, laws, and responsibilities of a Cosmetology school. Without the quality control of a licensed cosmetology instructor, future students would certainly lack skills and knowledge to perform at a professional level and possibly put the public at risk as they perform salon services without proper training.. For these reasons I oppose the sunset of the Texas cosmetology instructor licenses.

Any Alternative or New Recommendations on This Agency: Keep Texas instructors license. They are essential to producing quality industry professionals who can safely perform services without being a danger to the public.
