City: Austin

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

As a sister of a resident at the Austin State Supported Living Center, I am opposed to the closing of the Austin State Supported Living Center and five additional centers. I see the Austin State Supported Living Center (ASSLC) as an option in the community for a parent and/or other family members to choose to send their family member to live and be cared for.

The ASSLC has an infirmary staffed by doctors, nurses and staff to take care on the needs of residents on campus.

Dental services are available on campus. PT and speech therapy are available on campus.

A chapel and Pastoral care is available on campus. It was wonderful to celebrate Easter Mass on campus with residents and staff.

ASSLC is a loving and caring home to live in. The staff is extremely caring of all residents. When I visit my aging family member at the Center, I see care given to these residents that reminds me of an extended family.

Any Alternative or New Recommendations on This Agency: Allow the ASSLC to continue to provide the quality of life which meets each residents needs at their home, the current campus in Austin. As special needs individuals age, Centers such as the ASSLC will be needed more and more to give them the best care and living arrangements possible.

My Comment Will Be Made Public: I agree
