Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The Social workers in my area do not follow protocol and have violated numerous social security act violations in my area I am not the only parent affected. We need to actually investigate the department and make sure they are going by constitutional rights and Cps protocols properly. Also looking into financial incentives they are getting to keep our children and where that funding is going. By making sure this funding is properly being addressed.

Any Alternative or New Recommendations on This Agency: That each and every staff be retrained to know that the constitutional rights of americans still come into play when a child is taken into custody.

My Comment Will Be Made Public: I agree
