Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

To abolish the requirement for Cosmetology instructors not have a instructor license, is something I oppose too.

As an Instructor it takes more than just knowing how to cut hair and perform services on clients.

All students have different needs of learning and students deserve one on one instruction to obtain and learn and master this profession.

You cannot expect students to learn from someone who just graduated from Cosmetology school with no experience behind the chair. As well as the responsibility of being an Cosmetology Instructor, it takes a special person to pursue this career in teaching.

Any Alternative or New Recommendations on This Agency: I recommend all licensing stay as is for TDLR
Cosmetology Instructor
