Subject: Sunset Review, PT and OT board

To Whom It May Concern:

I am a physical therapist that has practiced in the state of Texas since 1992. I would like to express my concerns regarding the upcoming Sunset Review. As a medical professional it is imperative that we have a licensing board that is composed of similar professionals. Our PT and OT board is just that. To place our professions into this "health professions" portion of TDLR and have advisory panels that are not familiar with the intricacies of professions advising us does not seem right.

I hope you will look into this matter with more consideration.

Thank you.

Respectfully,
