Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I have not had access to the report and am worried about the comment period ending soon.

Any Alternative or New Recommendations on This Agency: More education should be provided to doctors in the state about lyme disease, because it is more complicated than most doctors understand, and failure to diagnose and treat it early results in chronic problems that are less likely to be cured by the same treatment that may work for early acute disease. I consulted 2 doctors while I was spending the winter in TX, about a month after a tickbite and because it was not diagnosed then, or for another two years, my health has been badly affected.

My Comment Will Be Made Public: I agree
