Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

While private facilities are better for some residents, it is not best for many other residents, such as my sister. In those cases, the supported living centers are the best option, the least restricted and provide the best care. It is extremely important that the Supported Living Centers remain operative.

Any Alternative or New Recommendations on This Agency:

I commend the State of Texas for its continued concern and efforts that each of its special need residents are well placed and protected. However, the closure of so many Supported Living Centers, which provide outstanding care, could cause a significant loss of residents receiving appropriate care.
